Presidents Message.....

As I write this message I'm in Las Vegas Nevada where my oldest daughter Katie now lives. She is the first person in my family to live in the "Silver State" in over 130 years and I found this out after many years of family history research. My great grandfather came to Nevada in 1866 from Austria and worked in the silver mines in Virginia City Nevada. He was a carpenter and for over 10 years helped build the wooden timber mine supports that allowed miners to bring millions of dollars worth of silver out of the dozens of silver mines in Storey County.

Having "mined" (pardon the pun) this information for my family history I take pride that he came "out west" probably on a wagon train. The Central Pacific's engine Jupiter and the Union Pacific's engine No. 119 meet on May 10, 1869, at Promontory Summit, Utah –very important date in American History. I feel sure he was a passenger on a wagon train.

The reason I mention my family history here is to show how placing him in a historical context makes him very interesting. I have no photos of Steepen Mattias Brunskole born in 1839 but I know a great deal about him via court records, voter registration rosters, land records, vintage newspapers and immigration documents.

Last month many of our members met the challenge to "write their life story" and share it with other members at our April meeting. I want to thank Pat Heumann, Bev Wellington, LaVona Ness and Barbara Levering for sharing their story with the audience. All agreed it was a good start to document a life for our decedents.

I want to remind everyone we will trek down to the Josephine County Genealogical Library operated by the Rogue Valley Genealogical Society on June 9th at 1pm. The library is located at 3405 South Pacific Highway. Take the Garfield Street exit from I-5 and turn left on South Pacific Highway. The library is about 2 miles south on the left. We can carpool to make it easy for those who don't want to drive to Medford. There will be no genealogy meeting at the LDS Church in June. More on this later!

I read an article in the April 28th issue of the Grants Pass Daily Courier about vandalism in Croxton Memorial Park near Lincoln Elementary School in Grants Pass. It makes me very angry that someone would spray red paint on many of the headstones there. Let's hope the culprits are caught and have to clean up their mess no matter how long it takes them. While cemetery vandalism happens I wonder how anyone can find that worth the time and effort.

Regards,

Celeste Guillory

RESEARCH

During the past few months our website and Facebook pages have generated a few requests for local research.

Two members have taken on the task of answering these research requests and I want to thank them here.

Don Ness and Linda Kent are always eager to take these requests on and do the local research. A recent request from Norway handled by Don Ness was quite complex but Don is always able to provide answers.

Linda Kent is our other “research guru” and has been doing this for about 3 years now off and on.

Also, if you know someone who has a research question direct him or her to either Don or Linda. Don Ness can be reached at donness14@gmail.com and Linda Kent at lindak@cavenet.com

I challenged myself last month to access Crestleaf Genealogy.com and didn't learn much from the effort. There were many interesting topics at this site but most of the text rambled. After a few frustrating minutes at the site I said "ttn" and went on to something else.
